YULETIDE MESSAGE

As we celebrate the Christmas season, we can give it more meaning in Thanksgiving - for the coming of the Redeemer and for giving us the capacity to share our love for our brethren. Let us now introspect and ask ourselves the question: "Have I brought comfort and happiness to others?" The act of sharing not only involves the giving of material wealth, for there are other aspects of showing our love for our fellowmen. We can likewise share what God has bestowed on us - our time, talent or ability. When we give happiness to the receiver, we also give happiness to ourselves as well. I recall the topic of a seminar which actually defines this: "We give but little when we give of our possession, it is when we give of ourselves that we truly give"; and as Mother Teresa has said: "When we light a little candle for others, it also reflects on us".

We actualize thanksgiving at the Foundation as we continue to provide the needed assistance to the underprivileged patients of the PGH. It has been a most fruitful year of giving with the able and generous support of our donors who have unrelentingly provided financial assistance to make this possible. Let me salute, likewise, my fellow workers who have given their precious time, ability and tireless effort to achieve this God-given responsibility.

Let us greet the coming year with love, happiness and goodwill!

THE WIND BENEATH OUR WINGS

OUR BOARD OF TRUSTEES MEMBER

Mr. Noel Gonzales is a person with a colorful personality. He could be described in so many ways: a successful entrepreneur, a loving husband and family man, a "comic", singer, dancer, a fitness buff and most especially a generous giver.

He rose from a very humble beginning and now that he has reached the apex of his personal success, he never forgot his roots. He believes that when one has actualized his/her personal aspiration, the satisfaction and happiness does not end there. It is not to strive for more material and worldly success, but is now the time for giving oneself to others; and that is exactly what he did when he joined the advocacy of PGH MFI.

As a young boy, he persevered to acquire the needed education by supporting himself by doing all kinds of menial jobs. He completed college and post graduate studies in prestigious universities through his own perseverance which gave him the ability to start his lucrative business. Mr. Gonzales now owns and manages a well recognized European inspired furniture shop - the Muebles Italiano. Their main store is the imposing establishment one would not miss as you drive along the SLEX. He traveled to several European and Asian countries which allowed him to acquire the artistic sense that are now showcased in his furniture stores.

He does not confine himself to business and professional circles but also gets involved in civic organizations widening his social relationships. His congenial manner has won him the title of "Mr. Friendship" which also won for him a lot of friends and business opportunities. As one reads through his notes about himself, you will feel a person full of humor- one whom you could easily relate with, no pretenses, and who is deeply spiritual who always has God as his guide as he walks through this life. He truly believes that the most important legacy that a person should leave behind is a lasting imprint of the goodness he had made to others.

PGH MFI Honors its Founder

Dr. Montalban and wife Dr. Cecil (seated) with PGHMFI Officers and the staff of the Department of Orthopedics

The foundation feted its founder Dr. Antonio M. Montalban with a testimonial luncheon last September 15, 2015. The affair was held at the Social Hall of the Nurses' Home and was co-sponsored by the Department of Orthopedics that he once headed.

It was a poignant gathering of former colleagues, staff and friends. The testimonies of people whom he had worked with when he was the Chairman of the Department and erstwhile as PGH Director extolled the virtues of the man as a leader, a peer and a friend. His strong leadership character tempered with a humane attitude towards his subordinates made him well loved and respected. His vision as a leader as PGH Director was always for the welfare of the institution he served.

Dr. Montalban, together with his family expressed their gratitude for the honor bestowed on him during his farewell speech.
