

PGHMFII to expand support system for health care delivery

In a two-day "Strategic Planning Workshop" held on March 14 to 15, 2019 at The Pearl Manila Hotel. PGHMFII resolved to expand its support services on healthcare to include every Filipino seeking medical assistance outside of the Philippine General Hospital. In the next five years, it aims to actively take part in addressing the growing number of beneficiaries in PGH and other regional hospitals. Moreover, it intends to make the organization an NGO model in facilitating the provision of quality healthcare in the Philippines.

Workshop participants composed of PGHMFII Board of Trustees, members of Executive Committee, and Secretariat exchanged views during group discussions.

Induction of new members at the Annual Membership Meeting held on March 26, 2019.

Dr. Alviar reappointed Chairman of Board of Trustees

Dr. Gregorio T. Alviar, Jr. was reappointed Chairman of PGHMFII Board of Trustees during its Annual Membership Meeting held on March 26, 2019 at the Social Hall of PGH Nurses Home. Other members of the BOT who were likewise reappointed were Dr. Telesforo E. Gana, Jr., Atty. Arnaldo M. Carino, Mrs. Agnes Essem B. Perez and Mr. Michael L. Escaler.

Along with this, a total of 23 new members were inducted and are expected, together with old members, to extend continuous support to the existing programs and projects of the Foundation, particularly, the provision of hygiene kits to all indigent patients admitted to PGH charity wards. Meanwhile, Mr. Nicodemus A. Ang, Chairman of Membership Committee, made assurance that said Project will gain support from members, friends, and benevolent donors of the Foundation.

MESSAGES

My dear Friends

Mabuhay!

For this year, the PGHMFI would like to expand the services we offer to our patients. To be able to do so, we envision to have very active committees, a working Executive Committee and a dynamic Board.

We had a two day Strategic Planning Workshop to revisit our Mission-Vision-Values. We mapped out our plans for the next five years to be able to achieve our goals.

We need to be more aggressive in our Fund-Raising activities. We need to increase our corporate donors. We need to tap other NGO's and government agencies.

Let us, then, join hands together in making a big difference in the lives of every Filipino, in dire need of sustainable resources for health advancement by getting actively involved in PGHMFI activities and projects geared towards upscaled development, for a better tomorrow.

Dr. Telesforo E. Gana
President

THE WIND BENEATH OUR WINGS

The PGH MEDICAL FOUNDATION is officially sanctioned by the University of the Philippines mandated to receive, facilitate and manage donations for the Philippine General Hospital.

As you know, the hospital has the largest charity patients in the Philippines. It serves more than 600,000 patients a year not only from Metro Manila but also as a referral center for complicated cases from all over the Philippines.

As has been through the years, its problem is funding and this is where the Foundation exists and this is the function of the Foundation to search for people who have the heart to share and it is only through the help of kind-hearted citizens that we can strengthen doing our share in helping our underprivileged segment of the population.

We hope that we can find more people like you so that we can continue our mandate in the hospital. We hope that you are one of those. THANK YOU.

Dr. Gregorio T. Alviar
Chairman

PGHMFI to expand ...

Some strategies formulated, during the Workshop, to achieve the Foundation's long term-goals and objectives are:

- Increase number of donors/members to widen base of beneficiaries;
- Establish linkages with trade organizations;
- Generate support of Philippine Marketing Association for promotion activities;
- Develop information and communication technology systems and processes for social media exposure, documentation and data banking and operational processes;
- Produce marketing and promotion kits and peripherals including newsletters, performance updates and so forth;
- Nurture members with values formation, immersion, leadership and culture development; and,
- Ensure budgetary allocation for research and training and solicit grants specifically for the purpose.

In addition, the Foundation is highly committed to strengthen its capabilities to keep abreast with the demands of times.

Debutant 's celebrate birthday with a cause

Taken on June 13, 2019 during the turn over of cash donation and sets of Hygiene Kits for indigent patients admitted in Philippine General Hospital.

Debutant, Patricia “ Irish” Arandia, from Quezon City opted to celebrate her birthday with cash donation amounting to Php 25,000 and in-kind items for the hygiene kits of PGH charity inpatients.

Ms. Arandia requested her mother and friends to give hygiene kits as gifts to her birthday so she can share her blessings with the less fortunate patients of PGH through PGHMFI. She wished to celebrate her debut differently and meaningfully by manifesting act of compassion to the marginalized.

Contents of the hygiene kits she donated were: tissue rolls, toothbrush, toothpastes in sachet and tube, alcohol in various sizes, cotton buds, shampoos in sachet, dippers, detergent bars and towels .

More beneficiaries line-up for PGHMF I hygiene kits

Breakdown of Hygiene Kits distribution

The PGH Medical Foundation, Inc. has been continuously distributing hygiene kits to all charity in-patients of the Philippine General Hospital since its inception on June 5, 2018. A total of 4,119 recipients benefitted from this project for the first semester of 2019. The hygiene kits were provided by the members of PGHMF I Membership Committee under the leadership of Mr. Nicodemus A. Ang. The donors who generously contributed in this project, are as follows:

Mr. Nicodemus Ang—Midas Project Realty, Inc.;
 Mr. David Tiu—Masagana Telemart, Inc.;
 Mr. Jesus Sy; and
 Mr. Peter Lim.

PGHMF I is looking forward for more good Samaritans who can share their resources with needy patients thru donation of hygiene kits.

Heralding PGHMF I Donors

PGH Director received 75 wheelchairs, 15 chemotherapy chairs and boxes of medicines thru PGHMF I

Valuable donations from good Samaritans were officially turned over to PGHMF I on February 11, 2019 at the Social Hall of PGH Nurses Home, for distribution to deserving marginalized beneficiaries from charity wards of PGH. The activity was facilitated by Ms. Diana Joanne R. Dee, a member of PGHMF I Executive Committee together with the Foundation's Secretariat. PGH Director Dr. Gerardo Legaspi, so with different department chairmen, witnessed the momentous event.

Donated to PGHMF I for PGH charity patients were 75 wheelchairs from Ms. Christine Fulgencio of Quezon City who generated funds from her friends during her birthday celebration for the purchase of said wheelchairs. Likewise, 15 chemotherapy chairs were granted by Kristian Gerhard Jebsen Foundation thru Mr. Menardo Boado and colleagues which were jointly received by PGH Director, Dr. Gerardo Legaspi and Cancer Institute Chairman, Dr. Jorge Ignacio.

Boxes of medicines from an anonymous donor amounting to Php100,000.00 were, initially handed to Director Legaspi, to support medical services in charity wards. Additional medicines worth Php50,000.00 and Php30,000.00, respectively, were also donated by the same anonymous donor to PGH charity patients through the PGH Medical Foundation, Inc.

Financial Assistance from KGJF for PGH Cancer Institute, Lactation Unit, Milk Bank

Kristian Gerhard Jebsen Foundation recently funded and supported PGHMF I in the procurement of chemotherapy chairs for Cancer Institute and purchase of medical equipment for Lactation Unit and UP-PGH Milk Bank Center.

The Kristian Gerhard Jebsen Foundation (KGJF) aims to enhance the well-being of people and promote human and social development through support of grantees in the areas of health, education, science, culture and the environment, in Switzerland and abroad. The Foundation recognizes that making a difference can take many years to achieve. It is willing to take long-term view and support innovative approaches.

PGH Director Gerardo Legaspi received 15 chemotherapy chairs for the Cancer Institute donated by KGJF. The items are now being used by cancer patients during their chemotherapy treatment in the hospital.

ONE OK ROCK turned over cash donation to PGHMFI

By: Haidee C. Pineda

Pinoy fans of the phenomenal Japanese rock band ONE OK ROCK (OOR), led by the fan club Tomoya Kanki PH, in partnership with ONE OK ROCK PH, turned over a cash donation of Php 15,500.00 to the PGH Medical Foundation, Inc. (PGHMFI) on March 30, 2019.

The donation was handed over to PGHMFI's Treasurer, Mrs. Agnes Essem B. Perez, and will be used as financial aid for the needs of PGH pediatric patients, TKPH's chosen beneficiary.

Mrs. Perez, together with PGHMFI Executive Director, Ma. Lourdes de la Rea and Finance Officer, Gloria Rio, expressed their gratitude to OOR's Filipino fan groups and members for choosing PGH as their beneficiary and said they look forward to a partnership with the group in their future projects.

Meanwhile, the donor, TKPH, is a non-profit fan group in the Philippines established in 2015 by five Filipino fans of Tomoya Kanki, OOR's multi-talented drummer, namely: Amy Penaflor, Pia Cala, Daryl Bolaljog, Eri Magpayo, and Lea Marindue. TKPH yearly celebrates Tomoya's June 27 birthday through ticketed events such as mini concerts or concert screenings. All proceeds to the events go to their chosen community or institution as part of their gift giving project which also started in 2015.

This year, however, the fan group expanded the scope of their events to promote ONE OK ROCK'S 9th studio album "Eye of the Storm"(EOTS) which was released worldwide on February 13. TKPH collaborated with their fellow fan group ONE OK ROCK PH and organized the charity event "Light in the Storm", a tribute night held on March 3, 2019 at the Mow's Bar in Diliman, Quezon City featuring performances by emerging local indie rock/cover bands *Sensession*, *Unraveled*, *Takairockz*. No names Okay, and Sempays.

The bands performed songs from the EOTS album such as *Change*, *Stand Out Fit In*, and *Wasted Nights*, and some songs from OOR's past albums and singles – *The Beginning*, *Yes, I Am*, *No Scared*, *Pierce*, *Skyfall*, among others. Furthermore, attendees were also treated to a night of fun games and raffle prizes courtesy of the organizers and sponsors.

The event was sponsored by Pulp Magazine, Warner Music Philippines, 392 Majokkomachi, ONE OF ROCK PH, The Beginning, ONE OK ROCK 10969, T-shirt 101, Esteemed Creations, Toruka Cult Ph, Annalyn Berden, Lorenski Lee, and Aura Maryzark.

Globe Telecom Inc. raised Php 1.4 M for children clinic with cancer cases

In the photo (L-R): Dr. Gerardo Legaspi, Dr. Carmencita Padilla, Ms. Diana Joanne D. Liwanag, Dr. Jorge Ignacio and Dr. Patricia Alcasabas.

Excerpt from [Globe Telecom Inc., Star Wars– theme PGH Pediatric Hematology Oncology Clinic renovation sometime in 2016, Philippine General Hospital and the PGH Medical Foundation,](https://www.globe.com.ph/about-us/newsroom/citizenship/newly-renovated-pgh-clinic.html)

Inc., saw the need to renovate the Children’s Hematology – Oncology Clinic at the Cancer Institute to make more conducive for children with cancer cases.

According to Dr. Ana Patricia Alcasabas, the out-patient clinic sees around 400 children with cancer each month. The most common diagnosis are leukemia, brain tumors, eye cancer and bone cancer. Of these, about 300 children will undergo procedures such as IV chemotherapy, bone marrow aspirations and lumbar taps in the clinic. “*Natatakot ang mga bata, ‘pag pumupunta sila dito, kasi tutusukan sila sa likod* (the children are scared when they come to clinic because of the injections.) We wanted a clinic environment that promotes well being and positive energy.

After consulting with PGH Medical Foundation President, Dr. Telesforo E. Gana, Jr., it was decided to pursue the project and solicit the help of Globe Telecom. which has been already actively participating in the Foundation’s gift-giving activities.

Together with its various partners and customers, Globe Telecom was able to raise and donate P1.4 million for the rehabilitation of Hematology – Oncology Clinic. The project concept started in December 2016, in line with the company’s Create Courage Star Wars-themed campaign.

The Walt Disney Company - Philippines contributed to the project by sharing their Star Wars designs and sponsoring the printing of all wall sticker artworks. The designs were carefully chosen and customized by artists from Globe Creative’s and Visual Management

team to fit the overall look and feel of the clinic.

The names of the consultation rooms were also patterned after key Star Wars characters like Rey, Darth Vader, Hans Solo and Princess Leah. There is also a height chart with various characters in it. The designs were made very colorful to serve as “happy distractions” for the children who undergo treatment at the clinic.

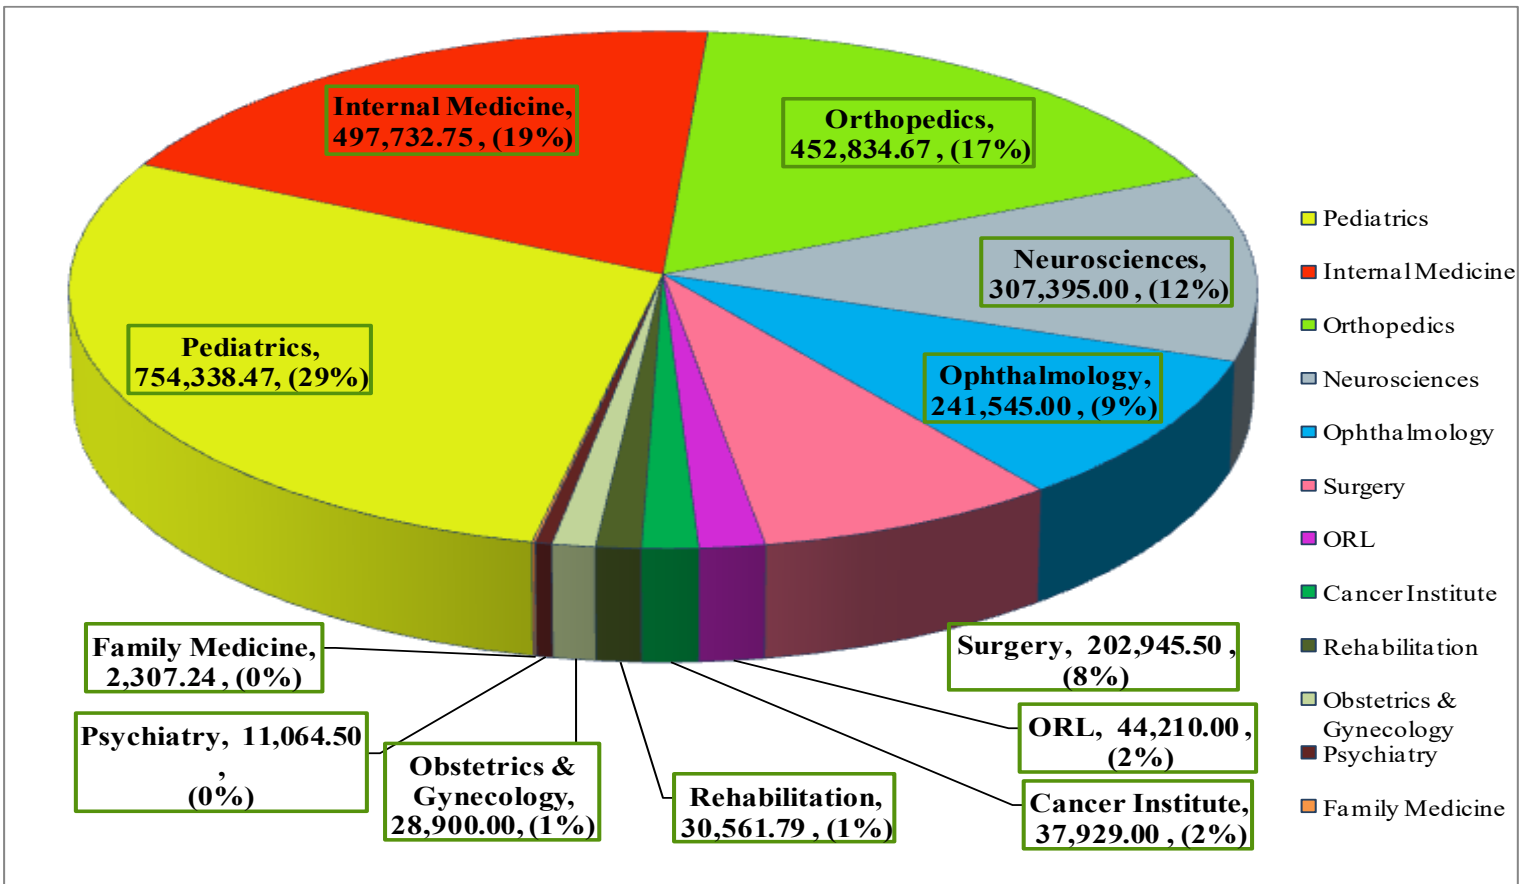

Finally, the newly renovated Pediatric Hematology -Oncology Clinic was turned over to the PGH management team recently. Dr. Alcasabas said they already started using the clinic prior to the turnover and saw the smiles on the children’s faces when they step into the clinic. “The clinic has two parts. The first is the consultation area where we discuss the cancer diagnosis with the family; and the other is the procedure area. This is where the patients get their chemotherapy infusion while they watch television or read books. There is also a part where procedures done. The space ship designs on the ceiling provide a positive distraction for them (from anxiety and fear), as they await the anesthesiologist and oncologist. The doctors too and some adult patients are also happy with the way the center turned out. It’s a happy place that gives comfort,” Dr. Alcasabas added.

The hospital is also looking forward to partner with Globe in their future projects which include, among others, to further their research to improve treatment of cancer patients and coming up with standard operating procedures.

Inauguration of Hematology - Oncology Clinic at the Cancer Institute, Philippine General Hospital on January 17, 2019.
