Even prior to PGH being formally designated as Covid-19 Referral Center on March 30, 2020, donations of cash, food and logistics have already been pouring in from various concerned sectors which required efficient handling. This led to the designation of PGH Medical Foundation, Inc. (PGHMF) as the sole custodian of Covid funds that would enable the PGH Covid Team to concentrate on the task of fully attending to the operational needs of Covid patients.

The designation of PGHMF complemented its initial efforts when it launched on March 19, 2020. The online handling campaign – the “Bayanihan Na! Talunin Covid -19!”. This was in anticipation of the great need in addressing the emergency when the World Health Organization declared the emergency of the pandemic.

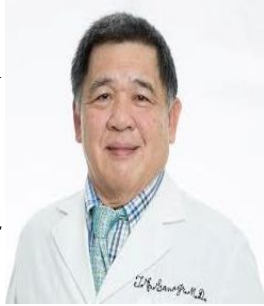

Let us all Heed to This Call!

“Let each one give as he purposes in his heart not grudgingly or of necessity for God loves a cheerful giver” (2 Cor:3).

MESSAGES

Greetings!

The PGHMF I truly welcome and appreciate the confidence extended to us in sharing the responsibility in managing the affairs of our Covid patients.

This partnership is indeed a great challenge in our capacity to faithfully perform our mission. I firmly believe we will be able to succeed with the cooperation of our donors, members and most especially through the dedication of our Foundation staff. Let us continue working together to achieve our goal.

Allow me to congratulate ourselves for our strength and determination in sharing our love to our needy brothers.

Telesforo E. Gana Jr. M.D.
Chairman and President

THE WIND BENEATH OUR WINGS

Mabuhay!

The year 2020 was a challenging time for all Filipinos but we rose to the challenge and came together to lit up the Bayanihan Spirit that we Filipinos are known for. The massive outpouring of support both from local and foreign donors made PGH overcome the challenges posed by the coronavirus pandemic.

Our heartfelt gratitude to all our partners, donors, and sponsors that heeded our call for support. We thank our Lord God for continuing to bless and guide us especially during this pandemic. God bless us all!

Atty. Arnaldo M. Cariño
Vice-President

Ways to Donate

BAYANIHAN NA!
TALUNIN NATIN ANG COVID-19!

A Successful Partnership for a Good Cause

By: Ms. Diana Joanne D. Liwanag

When news about Covid-19 broke out in the Philippines, PGHMFII launched its on-line fundraising campaign, the “Bayanihan Na! Talunin Covid-19!” on March 19, 2020, to generate funds in anticipation of its need of PGH to fight the disease. Considering that the existing funds of PGHMFII are allocated primarily for charity patients with various morbidity and for its infrastructure projects for PGH a separate Fund needs to be established.

With the initial generation of some covid funds, PGHMFII immediately purchased the necessary PPEs for PGH healthcare workers. When donations for the project started pouring in, medical equipment and supplies were procured upon the approval of PGH Director Dr. Gerardo Legaspi. Likewise, safe transportation for health care workers was provided during the enhanced community quarantine period.

The smooth and efficient operation of PGHMFII is made possible through the over-all management of its Chairman and President, Dr. Telesforo E. Gana, Jr. and Vice President, Atty Arnaldo M. Cariño. This is complemented by the hard work and dedication of the Secretariat staff headed by its Executive Director, Ms. Ma. Lourdes de La Rea, together with Mr. Victor Zoleta as Projects and Events Officer and Ms. Gloria Rio as Finance Officer. They are ably assisted by Mr. Jayson Tolentino and Ms. Perlyn Colina who are responsible for receiving donations, preparing and filing the certificates of donations with the Bureau of Internal Revenue for the donors. Ms. Rio on the other hand is responsible for the recording of all donations, reviewing all purchases, and ensuring that all are accounted for through bank reconciliation.

A valuable contribution to the call in fighting this menace aside from cash and checks is the establishment of an on-line payment platform through the efforts of Online Philippine Corporation in linking us with on-line payment platforms. G Cash and PayPal helped immensely that overseas donation became available. Aside from cash, food donations are made possible through the initiative of Ms. Katrina Ong who referred us to Passion Fruit Marketing Corporation. Likewise, the design of the infographic of call for donation and bank account details were made by Ms. Denise Lao. Among the biggest donations received was from the social media platform Tiktok that donated 1M US dollars. Food was also made available to our health care workers to supplement the food allocation budget of the PGH. PGHMFII worked closely with Ms. Emma Lavilla in the choice of menu and delivery schedules of food donations. Worth mentioning is Ms. Angela Lauchengco who regularly donates meals from Arlene’s Catering and snacks from Brown Butter Pancake.

When Dr. Legaspi acceded for PGH to be a Covid Referral Facility on March 30, 2020, he not only proved the hospital’s commitment as a premier medical institution. He also inspired health workers around the country to heed to their call of duty. PGH doctors were not only quick to respond but were able to adapt despite the lack of full studied information about the disease, including the lack of material resources and manpower. This firmly establishes the position of PGH as the national hospital for all.

Covid-19 affects everyone regardless of age, gender or socio-economic status. While public health measures have been implemented, including the provision of vaccines to prevent the spread of the disease, it is only through our people’s discipline, cooperation and strong faith would we be able to weather this storm.

Let us pray that we will soon be able to live our normal lives again, be with our loved ones and finally allow our modern-day heroes- our frontliners be back with their families and take their much-deserved rest after fighting this invisible war. We have to fully thank them for their sacrifices. With God’s help and blessings, we shall succeed!

PGH Medical Foundation, Inc: *Bayanihan* helpline during the COVID crisis

By: *Dr. Carmencita D. Padilla*
Chancellor, UP Manila

Bayanihan Na! Operations Center (BNOC) volunteers in action

The *Bayanihan* spirit in PGH remains very evident as various sectors of society pour donations to the hospital's patients year-round. Weekends and holidays would be popular days of visit by philanthropists who bring food, medicines, personal items, and even programs especially for the children.

When the COVID-19 pandemic hit the Philippines, and even before the announcement of the ECQ, aid poured at the doorstep of PGH. This time, help arrived a thousand-fold in cash and in-kind, i.e., PPEs, face masks, alcohol, food, ventilators, etc. There was an urgent need to re-organize for a better stewardship of these large outpouring of aid in the midst of a lockdown.

On March 17, UP Pres. Danilo L. Concepcion posed the challenge to UP Manila to set up a Call Center, initially to handle donations but eventually expanding to patient concerns with the closure of the PGH OPD. He requested PLDT Chair and CEO Manuel Pangilinan for a donation of 20 PLDT lines. A meeting with the PGH Medical Foundation ironed out details on the management of donations. On March 30, 2020, the *Bayanihan Na!* Operations Center (BNOC) was launched with **155-200** as its hotline number. Our volunteer call agents responded to patient and clinical queries with additional help from online consultants and gave directions to donors. Cash was directed to the PGH Medical Foundation accounts. In-kind items were sent to the Donation Hub at the Alvir Hall for documentation before transfer to the PGH Property and Supply Division for distribution to the different wards of PGH. Food products were scheduled and delivered to the PGH Dietary Department.

After a year of implementation of the BNOC, there are caveats to reflect on to enable us to become better responders in times of crisis. Our year-long partnership with different groups within PGH and the UP Manila community is an affirmation of the need for a coordinated system for better management of a crisis response. **Trust is a major factor.** In the midst of the public's eagerness to share, messages went viral using the name of PGH asking for cash deposits to miscreants' bank accounts. The hotline 155-200 solved this problem with only the PGH Medical Foundation, Inc. as the sole manager of monetary donations.

The Donation Hub located at Alvir Hall, College of Medicine where donations are received, sorted, and documented before transferred to the PGH Property and Supply Division.

BNOC Donations Hub

Donations are received and sorted at the Alvir Hall

▲ Gift in kind program of Child International Organization (Kansas, USA) delivered 8,000 N95 masks, 1,000 hazmat suits and PPEs

▲ Breathing circuit for ventilator from Rotary Club Makati

Continuation ..

BAND OF BROTHERS

By: *Dr. Gerardo D. Legaspi, PGH Director*

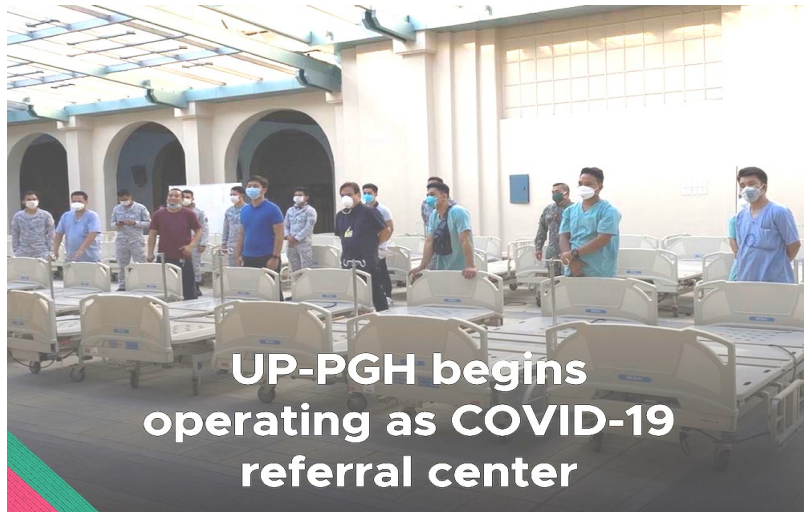

The Philippine General Hospital formally operated as a Covid-19 Referral Center on March 30, 2020 upon the request of the Department of Health. In a week's time the 1500 bed hospital was reduced to a 460 bed capacity with 244 of the beds dedicated to Covid positive patients. Major changes in its operations and infrastructure as well as urgent purchases of goods and equipment had to be done to prepare for this unknown and unseen menace. In the whirlwind of all the preparations unprecedented support for PGH was seen both from the government and the private sector. Initially the donations in kind and in cash, were coordinated in the Director's office by the Covid Crisis Committee. However as the days progressed the operational needs of the Covid patients, and people who took care of them, needed all the attention of the Crisis Team and the management of the deluge of donations coming in had to be managed properly as well. As a response to this the Bayanihan Na Operations Center was put together by UP Manila Chancellor Carmencita D. Padilla.

Donations in kind were sent to warehouses inside the PGH and UP Manila. For a more efficient handling of the cash donations, it was agreed upon that the sole authorized recipient would be the PGH Medical Foundation Inc. A media campaign was launched to inform the public of this as there were reports of unauthorized fund raising activities that were fraudulent and not in any way connected to PGH. The designation of PGHMF as the sole custodian of the Covid Funds facilitated the acceptance of donations from individuals and "Big Business", sent from here and abroad. This was a big load of work taken away from the Crisis Team allowing them to concentrate on the task at hand. What transpired thereafter was a rapid provision of resources through the direct purchases and funding made through the PGHMF. This was a crucial capability that was afforded to PGH, being able to purchase what it needs quickly, as the situations often required rapid responses, calibrating strategies from one moment to the next. What would have taken PGH weeks and months to purchase through government procurement processes, the Foundation made it happen in minutes to hours. The "war chest" of PGH was one to be envied!

The operational, logistical and manpower needs of PGH during the early months of the crisis were staggering. Major ventilation system changes in 8 wings of the hospital were rushed in a week. Vital equipment and medications were stockpiled. More than 1,800 employees were housed in various hotels, dorms and condominiums and transportation was needed for 600 more. The vital Covid Testing Center of PGH was made possible by private funding for purchase of the RTPCR machines and the test kits. And of course the "precious" personal protective equipment (PPE) were only available early on through cash on delivery purchases, at times clandestinely done. The PGHMF capacitated PGH with the bargaining ability to find the supplier that can meet the volume of PPEs that PGH needed. (In April 2020, 10,000 coveralls cost 15 million pesos and PGH needed at least 12,000 a month during the crucial first months). Initial much needed manpower augmentation was done through direct hiring of specialists and nurses supported by the foundation funds. Eventually though DOH provided long term support for the emergency hiring of additional personnel. Activities to help ensure the well being of the PGH frontline workers were organized through the help of funds from PGHMF. Token gifts, extra food, commemorative shirts, living accommodations, shuttle bus provision and personal financial assistance to some gave them a feeling of being appreciated and cared for.

As this crisis continues to unfold, support for PGH is still relentless. The long term plans have shifted to providing facilities to answer the needs of patients and the staff as well. A 44 bed Covid Isolation Modular Ward has been built with the initial structural works financed by the foundation. Additional accommodations for our employees seeking to stay within the PGH compound is being made possible by renovating the Dorm 1 and the Nurses' Home with, again, the support of PGHMF in what is called the "Shelter Program". This Covid-19 Crisis has been disruptive, and at times destructive, in many aspects of our lives. It has tested the limits of our society and brought it very close to its breaking point. Only our strong sense of community has prevented that and will continue to do so. As the motto of the US Navy Seals go "Two is one, one is none", and that we are.

Thank you PGHMF!

THE FRONTLINE: Dealing with the enemy!!!

By: *Dr. April B. Llaneta*

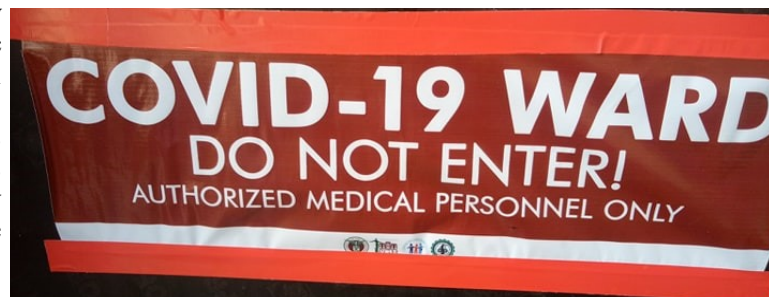

Chair, Department of Emergency Medicine UP-PGH

The staff of the UP-PGH Department of Emergency Medicine is used to working in a fast-paced, often chaotic environment. It was a challenge for the different personnel to provide the best care despite the congested space and the difficult situation. When the community quarantine was implemented in March 2020 and the hospital started its operations as a COVID-19 referral center, the emergency department had to adapt quickly. The challenges this time took on another dimension.

With the help of the different units of the hospital, the PGH emergency department was reconfigured to be able to accept and manage both COVID and non-COVID emergency cases. Infection prevention and control measures were adapted for the new virus that was spreading fast. The personnel had to quickly master the process of donning and doffing personal protective equipment (PPE) and keep abreast of the constantly changing protocols for the management of the COVID cases. The different process flows were revised and made more efficient to facilitate faster movement and management of the patients.

For the medical staff, there was always the threat of getting infected. This added to the anxiety, fear, and confusion as everybody tried to adjust to a quickly changing landscape. The risk of physical, mental, and emotional exhaustion was a critical aspect in the workplace that had to be closely monitored.

It quickly became apparent to everybody working at PGH that the way to deal with this threat was to be united and to help each other. The show of support from family, friends, donors, and other government agencies will always be a big factor in the success of the entire community in handling this crisis.

Covid-19, A Worthy Opponent!

By: *Ma. Lourdes O. de la Rea*

*2020, a clear vision
made blurry by COVID-19,
An unknown phenomenon
darkening the horizon,*

*Then the Earth stops
everything follows,
Human lives suffer
desperation and frustrations occur,*

*Ruler of the land
quite in a dilemma,
Searching for answers
considering all avenues,*

*Learning from the past
people bounce back,
Regrouping and Planning
to give a good fight!*

Overcoming COVID-19 Challenge

Last CY 2020, the whole world was struck by a coronavirus disease. The COVID-19 is an illness called severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) caused by novel coronavirus. COVID-19 was first identified in Wuhan City, Hubei Province, China in December, 2019 and spread like wildfire in other countries. On January 30, 2020, World Health Organization (WHO) declared the outbreak a global health emergency. Later, on March 11, 2020, WHO declared COVID-19, a global pandemic.

To properly address the growing number of COVID-19 patients, the Department of Health (DOH) declared some tertiary hospitals in the National Capital Region (NCR) and other key cities and municipalities in other regions as referral centers. Consequently, our National Government placed the entire Philippines under community quarantines of varying strictness. The Philippine General Hospital (PGH), a national university hospital, was chosen to be a referral center in March, 2020 for COVID-19 cases in NCR. PGH admitted COVID-19 patients diagnosed as moderate and severe cases. Given the gravity of the responsibility, PGH called its partner PGH Medical Foundation, Inc. to initiate a fundraising activity to help the hospital in its fight against COVID-19 pandemic.

The PGHMFI launched an online fundraising campaign title: BAYANIHAN NA! TALUNIN COVID-19! on March 19, 2020, that had generated very positive response from the people, corporations, and other philanthropic organizations. There was an outpouring support from the private sectors and private individuals that led to a 100% success rate. Further, the positive outcome of the activity ensured that the Hospital was able to carry out its duties by providing excellent healthcare to its charity patients. Likewise, the PGH Frontliners assigned to manage COVID-19 patients received steady supply of PPEs, face masks, face shields, and other health materials that enable them to perform their duties with renewed confidence knowing that they are properly equipped.

The list of donors, partners and sponsors whose generosity and love for humanity are the following:

This **Certificate of Appreciation** is presented to

(Individual/ Company/ Agency Name)

for their generous contribution to help Philippine General Hospital through the effort and assistance of PGH Medical Foundation, Inc. in successfully undertaking various projects related to COVID-19 pandemic.

This certificate is issued on _____ at the PGHMFI office in the City of Manila.
